<b>3. RENEWAL</b> – Electronic order of qualified digital certificates on a new USB key	26,43 €	3 years	79,30 €

## 2. Halcom One digital certificate (cloud)

**HALCOM ONE QUALIFIED DIGITAL CERTIFICATE** is a universal identifier that provides an excellent user experience and a high level of security. It enables fast and easy two-stage authentication and digital signing of documents based on a digital signature in the cloud.

	Informative calculation of the price per 1 year	Validity of the certificate	Price with 22% tax, validity 3 years
<b>1. Existing user</b> If you already have Halcom certificate on USB stick or card, use Halcom One as an additional service.	3,33 €	3 years	10,00 €
<b>2. New user</b> If you do not have a digital certificate, select this option.	6,66 €	3 years	20,00 €

## 3. E-seal qualified digital certificate

**E-SEAL QUALIFIED DIGITAL CERTIFICATE** is similar to an electronic signature, with the difference that the signatory is not a natural person with a name and surname, but a legal entity as a whole. A qualified electronic stamp with one pair of keys is used for secure electronic stamping, encryption and access control.

	Informative calculation of the price per 1 year	Validity of the certificate	Price with 22% tax, validity 3 years
<b>1. Standard issue procedure on smart card</b> Digital certificate is issued no later than 5 working days after the submission of all necessary documentation and payment received.	28,85 €	3 years	86,55 €
<b>2. Standard issue procedure on USB key</b> Digital certificate is issued no later than 5 working days after the submission of all necessary documentation and payment received.	34,62 €	3 years	103,86 €
<b>3. Issuance of e-seal qualified digital certificate for systems (HSM, devices, servers, etc.)</b> The digital certificate is issued no later than 5 working days after the submission of all necessary documentation, payment received and electronic request.	71,37 €	3 years	214,11 €

## 4. Website authentication certificate

**WEB AUTHENTICATION CERTIFICATE** is used to certify the public keys of users and organizations that have a valid web address. The server key is used to encrypt a single symmetric session key, which then secures all communication between the server and the client.

	Informative calculation of the price per 1 year	Validity of the certificate	Price with 22% tax, validity 1 year
Issuance of a certificate for website authentication	75,01 €	1 year	75,01 €

## 5. Smart card readers
